This exploded view diagram illustrates the assembly of a car seat backrest. The components are numbered as follows:

- 1**: A large rectangular panel, likely the main backrest cushion or cover.
- 2**: A smaller rectangular panel, possibly a side support or a secondary cushion section.
- 3**: A curved, U-shaped frame or support structure.
- 4-5**: A triangular support structure, likely a side bolster or lumbar support.
- 6**: A long, narrow, curved metal or plastic rail, possibly a side support rail.
- 7**: A small pin or fastener used to secure the rail.
- 8**: A long, narrow, curved metal or plastic rail, similar to part 6 but with different end fittings.
- 9**: A small pin or fastener used to secure the rail.
- 10**: A small pin or fastener used to secure the rail.
- 11**: A small pin or fastener used to secure the rail.
- 12**: A long, narrow, curved metal or plastic rail, possibly a side support rail.
- 13**: A small pin or fastener used to secure the rail.
- 14**: A small pin or fastener used to secure the rail.
- 15-16**: A small pin or fastener used to secure the rail.
- 17**: A small pin or fastener used to secure the rail.
- 18**: A small pin or fastener used to secure the rail.
- 19**: A small pin or fastener used to secure the rail.
- 20**: A small pin or fastener used to secure the rail.
- 21**: A small pin or fastener used to secure the rail.
- 22**: A small pin or fastener used to secure the rail.
